Experience

Unova   **Feb 2024 – Present**
Frontend Developer   Noida

- Implemented Shopify applications for vendors to manage products, collections, and stock, reducing manual effort by 20% and enhancing overall operational productivity.
- Contributed to three key applications: **Low Stock Alert**, **Collection Sort**, and **Stock Counter**, leveraging **Shopify APIs** and **GraphQL**,to enhance data collection speed and accuracy.
- Optimized product management capabilities for over 50 vendors, automating routine tasks and implementing features that enhanced vendors satisfaction.

Frint Art   **May 2022 – Jan 2023**
Frontend Developer   Noida

- Built responsive websites, improving mobile user engagement by 15%, ensuring optimal functionality across various devices.
- Gained expertise in **Bitbucket** for version control, enhancing collaboration on web development projects.
- Successfully collaborated on the design and implementation of the website, contributing to a user-friendly interface that aligns with client specifications and enhances user experience.

WebnU   **Jan 2022 – May 2022**
Web Developer   Noida

- Created and customized websites using **Elementor** in **WordPress**, reducing project completion time by 10% through efficient design and implementation practices.
- Defined custom pages and integrated them into **Shopify** themes, increasing product-page interactions by 18%.
- Assisted in the design and implementation process, contributing to a user-friendly interface that meets client specifications.

Projects

Let's Scan   **Live Link**

- Created a full-stack solution for restaurants with QR code generation for efficient table-side ordering.
- Enabled real-time order and payment management using **Razorpay**, **RESTful APIs**, and **JSON**.
- Learned to create APIs, set authentication, store tokens, and understand middleware while using **Async Thunk** to call APIs.

Desi Bazar   **Live Link**

- Developed an e-commerce platform with user profiles, wishlists, and shopping carts.
- Learned state management to handle multiple user interactions.

Spotify Song List   **Live Link**

- Built a web app showcasing playlists with detailed song information.
- Integrated playback features using **Spotify's Web API** for an enhanced user experience.

Education

Technocrats Institute of Technology and Science University   **SGPA: 7.3**
Master's in Computer Application

Indira Gandhi National Tribal University   **SGPA: 8.5**
Bachelor's in Computer Application
